

PROVIDING SOLUTIONS FOR ALL YOUR TREE SURGERY, FENCING, VEGETATION MANAGEMENT AND WEED CONTROL REQUIREMENTS IN WILTSHIRE AND ACROSS THE SOUTH WEST

WHERE COMMON SENSE IS STILL COMMON

Cherry Picker/MEWP for Hire – 14m (yellow)

Cherry Pickers are elevated work platforms, also known as MEWPs (mobile elevated work platforms), boom lifts, articulating boom, man lift, basket crane or hydra-ladders. It's a platform or bucket at the end of a hydraulic lifting system.

Conservation Contractors are pleased to offer access hire for an **Off-road 4x4 Land Rover Cherry Picker with a working height of up to 14m**. This machine is best suited to confined spaces where our lorry based 26m one would be too big.

Operated by qualified staff or self-drive (on proof of your own insurance and safety certification), day/half-day or weekly rates are available.

Cherry Pickers were originally designed for use in orchards where they are still used frequently. Nowadays, though, there are so many other uses – here's just a few:

- Broadcasting, Film and Media
- Outdoor construction, building and industrial applications
- Facilities Management & Maintenance – cleaning; gutter clearance, window, roof & chimney repairs; pest control
- Exterior painting and decorating
- Sport & leisure
- Surveying
- Telecoms
- Christmas light displays

If you're interested please call us on 07889 461 358, complete the contact form on the website or email info@conservation-contractors.co.uk with an outline of your requirements.
